

## Non-Emergency Luminaires (230VAC only)

### LightSaver Non-Emergency Batten

The LightSaver LED Non-emergency batten range provides a unique and complete lighting solution to the industry's call for an energy-efficient, long-life, reliable, environmentally sustainable and robust luminaire to suit a diverse range of end user applications and environments.

High performance LED's can reduce energy consumption by up to 90%.

#### Features and Benefits

- High performance LED light source with guaranteed reliability and efficacy
- Optional integrated microwave and daylight sensors
- Innovative energy efficient LED-driver technology for low standby power consumption and high illumination
- Unique tube-like design with shatter-proof polycarbonate light diffuser
- Prismatic diffusers or wire guards available separately

Light  Saver
