Remote Buttons

S CLICK Remote Button

The HNS020RB Remote Button and HNS026RB S-Premium™ Remote Button enable multi-way dimming and ON/OFF with the S-Click™ Digital Dimmers™ HNS610DT, HNS616DT, HNS620DT and HNS626DT; or multi-way ON/OFF with the S-Click™ 3-Wire Timer Switches HNS440TM, HNS446TM, HNS450TM, HNS456TM and HNS460SW.

An in-built LED indicator can be configured two ways by connecting Neutral to the Remote Buttons. The LED indicator can be permanently ON, or ON while the button is pressed. The Remote Buttons will operate without Neutral connected but the LED indicator will not function. Multiple Remote Buttons can be connected in parallel to a single dimmer or a single 3-Wire Timer, provided the total length of the remote connection does not exceed 50 metres.

The Remote Buttons are to be installed as part of a fixed wire electrical installation and by law, such installations must be made by an electrical contractor or similarly qualified person.

Common Features and Benefits:
- Multi-way dimming and ON/OFF switching for S-Click™ Digital Dimmers™ and S-Click™ S-Premium Digital Dimmers™ that are multi-way dimming capable
- Multi-way ON/OFF switching for S-Click™ 3-Wire Timer range
- Neutral not required for button only operation
- Optional LED Indicator operation requires Neutral
- Quick Tap Turns Dimmer ON or OFF
- Sustained Press alternatively dims UP and DOWN, when used with Dimmer
- Operating Voltage: 220-240Va.c. 50Hz
- Operating Temperature: 0° to +50°C
- Compliance Standards: AS/NZS 60669.2.1, CISPR15
- Power Rating: Based upon connected Dimmer or Timer
- Designed for indoor use, not rated for outdoor installation
- Not for Mains Switching

Remote Button S-Click™ Digital Dimmer™
Part No. HNS020RB
