

S-Premium™ is a range extension of the successful S-Click™ Smart Living range and are specifically designed to be compatible with Clipsal Saturn™ and Saturn Zen™ wall plates. The push button dimmers and timers make use of the button already installed in the wall plate, while the rotary dimmers come with a silver knob and chrome ring designed to match the Saturn Zen™ look. With this range you now have the ability to time 2-Wire and 3-Wire circuits, a feature not currently available in the market.

The S-Premium™ range includes 2 rotary versions of Digital Dimmer™, one with integrated ON/OFF push switch, that feature a blue indicator LED that beautifully matches existing installed switches.

## COMPATIBLE WITH CLIPSAL SATURN™ WALL PLATES ONLY.

### DIGITAL DIMMER™ RANGE
